Christian Academy**

Foundational Statements

Introduction

Forty-Mile Christian Education Society operates Cherry Coulee Christian Academy (CCCA), which is situated in the Town of Bow Island. This accredited, independent, interdenominational, Christian School is parent owned and parents are involved in all aspects of school operations. The school is housed in a collection of portables and newer gym/classrooms on land donated to the school by a private donor. On a three-year rotation basis, members of the Society elect individuals to serve on the school board. CCCA is a member school in the Koinonia Christian Education Society. The school follows the policies and procedures of this organization. CCCA is also a member of the Association of Independent Schools and Colleges of Alberta (AISCA).

Vision

We will be distinctively Christian in our community, curriculum, character, and convictions. To be the best school, academically, in our area.

Mission

Cherry Coulee Christian Academy exists to assist families by providing a quality, Christ-centered, Bible based education to equip students for life, and to influence the world around them for Christ.

CCCA exists to supplement the Christian home and Church by providing children with an education that will enable them:

- to know, and respond in love to, Jesus Christ,
- to understand and compassionately serve others,
- to develop the academic knowledge and skills necessary for effective citizenship,
- to be physically, emotionally, mentally, and spiritually strong, healthy and pure.

We are committed to a BIBLICAL STANDARD OF EXCELLENCE, for the glory of God, in all we do. (1 Corinthians 10:31)

Board Mandate

The Preamble of the Alberta School Act states, "...**parents have a right and a responsibility to make decisions respecting the education of their children...**" In order to fulfill this, the directors of the Cherry Coulee Christian Academy School Board are members of the Forty-Mile Christian Education Society formed from the parent body. They are legally and ultimately responsible for the school. The Board may refer major decisions to the parent body (the Society Membership) and leaves day-to-day operation of the school to the principal and staff. The Board's task is to assess and oversee the goals and operation of the school, to make policy decisions necessary to operate the school, and to appoint staff members and to set out their duties. (Ref. Forty-Mile Christian Education Society Act Bylaws, Article V, VI, pages 5-9, Koinonia Policy and Procedures Manual, Page 1)

Beliefs

The educational philosophy of the 40-Mile Christian Education society is based on a God-centered view of man and truth as presented in the Bible. Since God created and sustains all things through His Son, Jesus Christ, the universe and all life are dynamically related to God and have the purpose of glorifying Him. This is pointedly true of man, who was made in God's image different in kind from all other creatures, with the unique capacity to know and respond to God, personally and voluntarily.

The authority for education comes from God's command that children be taught to love God and place Him first in their lives, and from the fact that parents are responsible for the education and training of their children. The school was founded on this principle, and this continues to be a focal point of its operation. We further believe education is to be taught from a Biblical perspective. (Deuteronomy 6:4- 9)

CCCA has a distinctively Biblical "Statement of Faith," that all staff, parents and students agree to and support. This document is made available to all families through the student handbook.

We believe that every child is made in the image of God and has inherent worth, just as God loves and values each one of us giving each unique talents and needs.

Based on these beliefs the following goals are pursued in the spiritual, personal and social, and the academic development of the student. These goals are stated in the constitution of the 40-Mile Christian Education Society.

AEAMS data indicates a satisfactory opinion of student learning engagement (89%). However, this data might have been negatively impacted by circumstances over the past few years. With some students returning back to the brick-and-mortar school after home learning, or stressing about whether restrictions would return for schools, it kept students and teachers off balance over the course of the year.

The above graph does not give an accurate indication of high school completion as it includes homeschool numbers. Many of the homeschool students do not do regular high school and go straight into the workforce once old enough. A number of these HS students as well as graduates from Cherry Coulee have gone on to start their own businesses, mainly in the trades. For the HS of our brick-and-mortar school the graduation rate of our high school for 2022-23 was 100% as we had 2 grade 12 students last year and both graduated. The 3- year average was 88%.

Each year our students engage in various forms of service projects, whether it is serving at the Lethbridge Soup Kitchen, My City Care, Prairie Gleaners, Lethbridge Food Bank, Coldest Night of the Year, singing at the local seniors home and Alfred Eagan, raking leaves in the community, putting together goodie-bags for our neighbors. This year we once again are planning a Mexico Missions trip after a 4 year interruption due to COVID.

Over the past five year, teachers at Cherry Coulee Christian Academy have been working with Master’s Academy in Calgary to enhance our educational practices and change the culture of our school to prepare the students to be future ready. Staff have spent time at Masters Academy and have engaged in numerous PD sessions with representatives from the school. Ensuring that students take ownership of their school work has been one of the key areas that teachers have been focusing on. Through the use of self-assessment, benchmarks, and reflective language, our teachers have been challenging students to identify learning gaps and take the necessary steps to bridge learning gaps.

Knowing that we are not perfect we continue to strive to make Cherry Coulee a place where all students can feel welcome and teach them according to God's second Greatest Commandment, to "LOVE YOUR NEIGHBOR AS YOURSELF." Small class sizes help teachers/students and students/students connect. Buddy chapel, and student clubs help students to make multi-grade connections.

Staff will continuously improve their professional practice according to the TQS and local priorities, responding with skill and competence to the unique learning needs of all students. As we continue to grow as a school, the needs of our students also change. A couple of the ways we are addressing this is by adding EAs and working with AISCA to assist in meeting the learning support needs of our students.

To ensure that all students and teachers are learning about First Nations, Inuit and Metis perspectives, as well as the histories of Canada's indigenous groups, we have a connection with an indigenous gentleman and his wife who work with youth on reserves to provide spiritual support for their community as well he is an author of indigenous children's books. They come to speak to our students and teachers on various topics related to indigenous people.

- Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (*).
 - Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in tests.
 - Participation in the Provincial Achievement Tests was impacted by the COVID-19 pandemic from 2019/20 to 2021/22. Caution should be used when interpreting trends over time.
 - Participation in the Provincial Achievement Tests was impacted by the fires in 2018/19 and 2022/23. Caution should be used when interpreting trends over time for the province and those school authorities affected by these events.
 - 2022/23 Provincial Achievement Test results do not include students who participated in the optionally implemented/piloted curriculum and were excused from writing in those subject areas.
 - Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school and school authority reporting. Caution should be used when interpreting these results.

Summary:

The average change measured after the interventions could be seen in both the confidence that students demonstrated and their increased understanding and comprehension. The interventions program resulted in a noticeable difference in students' confidence to engage with various subject matter. Students were much more willing to attempt to solve a problem or provide an answer. Additionally, student comprehension also increased. Students were not only more confident that they could attempt to answer a question, they also were better able to understand the material, and as a result answer questions or read more accurately. On average the number of months gained at grade level from the beginning of the program to the end of the program was 2.

Stakeholder Engagement

Formal conversations, in the context of parent-teacher interviews, and informal conversations with parents indicate a high level of satisfaction regarding the quality of education students are receiving at Cherry Coulee Christian Academy.

Domain: Local & Societal Context

Contextual Information

CCCA serves predominantly an agricultural-based community. Students come to the school from as far away as Etzikom. The Town of Bow Island has a population of just over 2000. The town has three other schools, a public school (ECS-12,) a Catholic school (ECS-12) and a Haldeman Mennonite school (ECS-9). A public school in Burdett (11 km East) serves the needs of many Mennonite students in the area.

Four full-time teachers and instructors, three of whom are certified with one having a BA in English, serve this school. CCCA also has one part time teacher and two full-time teacher's-aids. The principal is full time administrator as well as home-school coordinator. The school program is for students, ECS through grade twelve.

The Alberta Curriculum guide is followed. Curriculum from LRDC is used for Math, Social Studies, Science, Art, and Physical Education. Board approved

textbooks and materials from Christian Publishers are used as primary and supplementary resources for some subjects. Bible is taught as a required course for all grades. Junior High options are: Outdoor Education, Home Economics, Computers, Robotics, Art, Agriculture, and Drama (alternating years). Computer technology, Art, Drama, and Music has been taught from Grades 3-12.

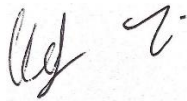

An early literacy program was added to enhance the reading program primarily at the ECS through Grade 2 levels. A majority of our students come from a Mexican Mennonite background and are also ESL students as their parents still speak mostly Low German at home.

Accountability Statement

The Annual Education Results Report for 40 Mile Christian Education Society the 2022-2023 school year was prepared under the direction of the Board of Directors in accordance with the responsibilities under the Private Schools Regulation and the Ministerial Grants Regulation. The board is committed to using the results in this report, to the best of its abilities, to improve outcomes for students and to ensure that all students in the school authority can acquire the knowledge, skills and attitudes they need to be successful and contributing members of society.

The Board approved this combined Annual Education Results Report for the 2022/2023 school year on November 30, 2023.
